

## Protection 1 Multifamily Division (formerly Network Multifamily)

Category: Security

Protection 1 is the second largest security company in the country and provides monitored services for burglar alarms, CCTV, access control as well as fire system monitoring and inspections. We are proud to be the number one provider of monitored alarms to the multifamily industry. We have an A+ rating from the Better Business Bureau and we have a 95% customer satisfaction score.

Nationwide, Protection 1 serves a total of 1.4 million multifamily, commercial, residential and wholesale customers and boasts a footprint encompassing over 30 states

and 65 branch offices. The Multifamily 360 alarm panel provides wireless property-wide coverage allowing you to monitor all individual units, including those that are unoccupied. The panel installs quickly and adapts to virtually every telecommunications platform — VoIP, cellular only, landline, etc. — meeting the demands of today's tech-savvy residents! We take pride in delivering service excellence at all five customer touch points: account management, installation, service, monitoring and billing. Our biggest asset continues to be our customer's trust. As a nationwide provider, our customers expect high level

innovations, state-of-the-art monitoring, and the best customer support in the industry.
